

**Thank you for taking the time to discover
what becoming a member of
The Dragonsdream Club
can do for you and for many others.**

By joining The Dragonsdream Club, you are entering a brand new concept in fund raising for charity, because it features something for everyone – young and old alike.

This is not going to be a ‘social network’ that earns you money by introducing members, or give you a tiered commission for building a down line. This is far better than that. It will be the BEST £2 GBP (or equivalent) per month you will ever spend.

Interested? Then read on...

Ask yourself this, are you sick of being asked to donate to various charities constantly by phone, door knockers, street collectors etc., it never seems to stop does it?

It's on the TV, in the supermarkets, service stations and in the streets. What's more, do the Charities administer the funds they get correctly, or are they paying fat pay cheques out within their organizations??

I have run every one of my 38 marathons for charity, so have done my own fair share of canvassing for funds and sponsorship. So I am proud to say that every bit of cash I have raised went to the various charities nominated. Not one bit went on travel or expenses.

(I will be writing an article on this shortly revealing how funds are distributed and what some charities hide from us all).

Regrettably, due to serious injury I have not been able to run since 2008 (but hope the Marathon Dragon will be back in 2011 to compete – even if it's just walking – in another event).

In the meantime, I have decided to use my experience and time, not only in the fundraising field, but also by using my past business expertise to bring The Dragonsdream Club to life on the internet.

Everyone will now have the opportunity to fundraise for their choice of deserving charity; have a family orientated club online; see where their money is going and at the same time, help local businesses within your local community, wherever they may be.

As member you will:

- Be able to see where your money is going – as we will be featuring all our charities on the website.
- Individual charities will be researched so that we are sure that the money we donate, on your behalf, is going to the charity and not to spurious sources.
- Be able to nominate a favourite charity in your area.

However even though The Dragonsdream Club has been set up to raise funds for Charity, it does not stop there.

In the members area you will find:

- A website, not only the family, but also for business people:
- featured articles, stories, advertising, etc.
- Young members area including
- Puzzles and competitions
- Games area – where you can play online games for free.
- Ebooks – you can read all our previous ‘E book’ issues, so you can catch up on articles you have missed

As you can see, it is an online, interactive version of a great family and news magazine – with further benefits to be added in the future.

The Dragonsdream Members Business Club

Have you ever noticed how often “This is the one that will make you a Millionaire” or “Get in on this one now, its in pre-launch” there are so many variations on these themes.

I have had, literally, thousands of emails this year of this type – some at least 10 times a day... repeatedly! That’s a lot of millionaires apparently being created... NOT! *“it’s PHOOY!”*

The club will enlighten you of the dangers and pit falls of online businesses, believe me it is a minefield out there.

Can you afford NOT TO Join The Dragonsdream Club

It will be the best monthly £2 you will invest and don't forget a minimum of 70% of your subscription will be going to charity.

Watch out for the little Dragons that will be appearing all over the site, when you see one click on it, because we will be putting surprises in the website from time to time. (Nice ones I promise, and not all dragons will be active, hey, it all adds to the fun).

I really hope you will join us, no matter where you are.

Best Wishes

The Dragon
