

THE DRAGONSDREAM CLUB

First of all let me thank you for taking the time to read this and discover how becoming a member of The Dragonsdream Club can benefit you, and also help many others.

Interested? Then please read on...

I am known as The Marathon Dragon and originally I started running marathons in 2004 because of a Life changing Decision I made (you can read more about this on The Dragonsdream Club website) www.thedragonsdreamclub.com

Later I decided to run as a Dragon to raise more awareness of why I was running. My original Website was called www.dragonsdreams.co.uk because my vision (dream if you like) was to help disabled Children in the UK and USA to be able to partake in some form of sport. So I took part in many International Marathons World Wide to raise funds for **Several Charities** here in the UK, and also for **Blazesports** the USA Disabled Athletes Organization as a result of this I was interviewed for Fox TV and others in the USA

Regrettably, due to a serious injury to my hip I had not been able to run since 2008 (However after my Hip Operation last year, The Marathon Dragon did a couple of short fundraising runs/walks to raise funds for two Appeals) and my hip seems to be holding up fairly well.

So in 2012; As it is **(The Year of The Dragon as well as Olympic Year)** I have set another target, I will Take part in International Marathons next year - even if it's just walking to raise a minimum of **£1,000,000** in funds for **12 selected Worldwide Charities.**

However because of the various things I had discovered about the way in which fund-raising is frequently abused, I also decided to use my experience and time, not only in the fundraising field, but also by using my past business expertise to turn **'The Dragons Dream'** into a reality in other ways as well as **'Taking Part in Events in 2012'**

This concept was accelerated after I had become involved in arranging a Fundraising Appeal last Christmas for a little boy in Bournemouth, who was diagnosed with an inoperable stage 4 Neuroblastoma.

They were having difficulty getting help because of all the lengthy red tape form filling from not only the local authorities, but from some Nationally Advertised Charities.

Families like this need help or an answer immediately not two months down the line as often there is a very short time-line...

We do however realize that this is an ever-increasing dilemma for the charities as funds are not always available. (Sadly Diego has since died and has his own wings now). www.theredrangerfund.co.uk

However with the help of the local media and many business and donations we helped to raise enough money to give Diego and his Family a comfortable End of Days!

Hence in March THE DRAGONSDREAM CLUB was conceived

[So Why is The Dragonsdream Club Different?](#)

Frequently we are being asked to donate to various charities constantly by the TV, the phone, door knockers, street collectors etc., it never seems to stop does it?

It's on the TV, in the supermarkets, service stations and in the Streets.

What's more, do the Charities administer the funds they get correctly, or are they paying fat pay cheques out within their Organizations??

(I will be writing an article on this shortly revealing how funds are distributed and what some charities hide from us all).

I have run every one of my 38 marathons (and the many other distances) for Charity, so have done my own fair share of canvassing for funds and sponsorship.

So I am Proud to say that every bit of cash I have raised went to the various Charities nominated. Not one bit went on travel or hotel expenses

The Dragonsdream Club is a new concept designed not only to help the Local Charities within your local area but **also promote Local Business by enabling them to advertise at very low costs, not only in our booklet but also on our dedicated website.** (this targets the area that your Business will gain New Customers from) All Adverts are placed in the public viewing area of our Website

As member you:

- o Will be able to see where your money is going - as we will be listing all the Charities we feature on the web-site.
- o You can be assured that **the** Individual charities will be researched so that we are sure that the money we donate, on your behalf, is going to the charity and not to other places or people.
- o Will be able to nominate a favourite charity in your area.

Even though The Dragonsdream Club has been set up to raise funds for Charity and Promote Local Business, it is also designed to be family orientated and have something for everyone young or old, so we have combined the booklet with a **Dedicated Website** and as a member you will have access to your own **MEMBERS ONLY** area

In the members area you will find:

- A website, not only the Family, but also for Business people:
 - Featured articles, stories, advertising, etc.
 - Young members area ((THE YOUNG FIREBREATHERS CLUB) including
 - Puzzles and competitions
 - Games area - where you can play online games for free.
 - EBooks - you can read all our previous 'E book' issues, so
- You can catch up on articles you have missed, plus EBooks on all kinds of subjects.

So, as you can see, it is also an **On-line**, interactive version of a great family and news magazine which allows us to add more articles and information that we could ever fit in the Booklet - we are also planning further benefits to be added in the future. One of which is later in the year we will be adding EBooks on many subjects, (Many that will be educational and entertaining for our Younger members) that you can download for free

A lot more is planned during 2012

But how will it benefit My On-line or High Street Business?
